ARU GRUPP

Type: Eco Basic

This contemporary building is at the cutting edge of design and we use construction methods required in today's building industry – high quality timber frame and modern wood or aluminium clad windows and doors.

ARU GRUPP

Room layout is ideal for:

- a family holiday home
- home office
- information building
- extra space / room
- classroom
- etc.

Constructed in two halves. One half contains all electric and mechanical works i.e. bedrooms, bathroom, and kitchen. The other with its unique flat roof system creates a very spacious and light living area with sliding or bifold doors leading onto the deck area.

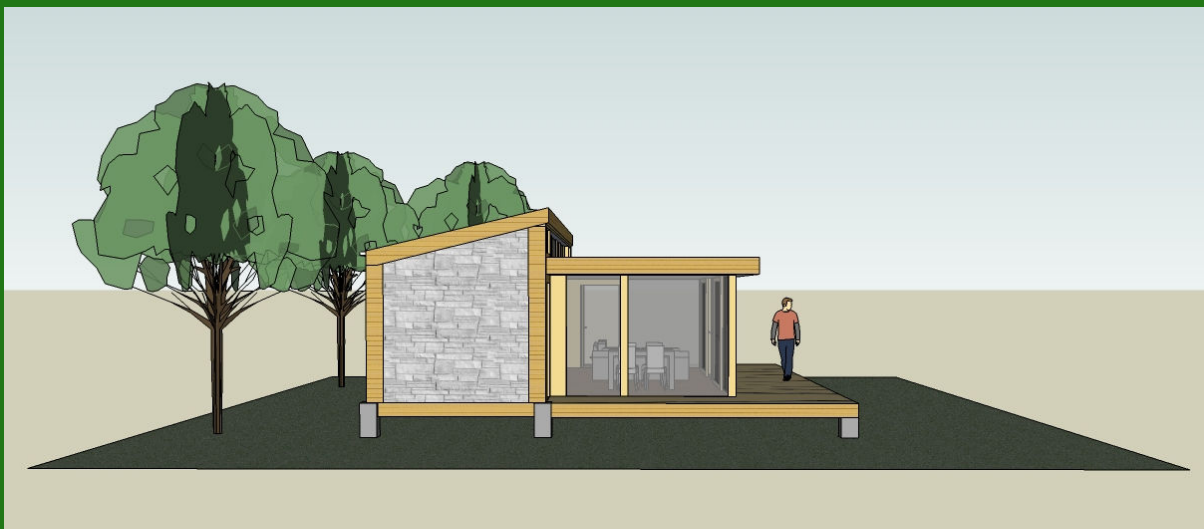

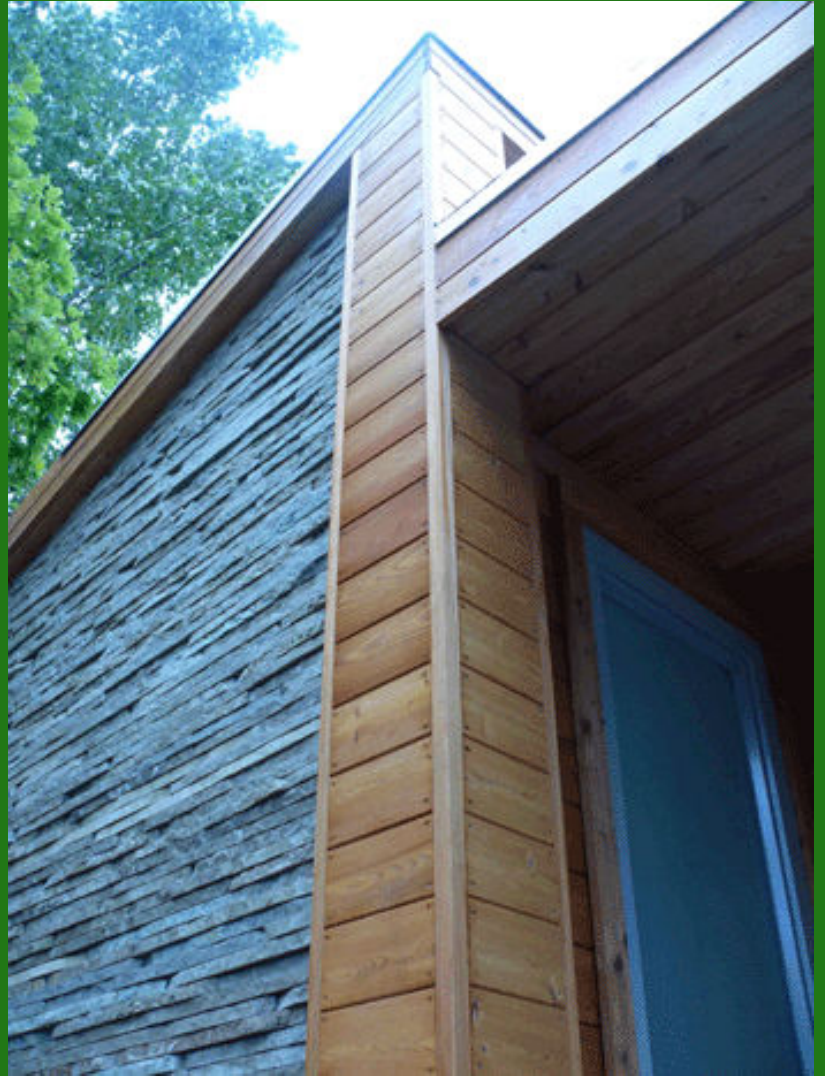

ARU GRUPP

Type: **Eco Basic**

Overall dimensions:
12 x 8,68 m

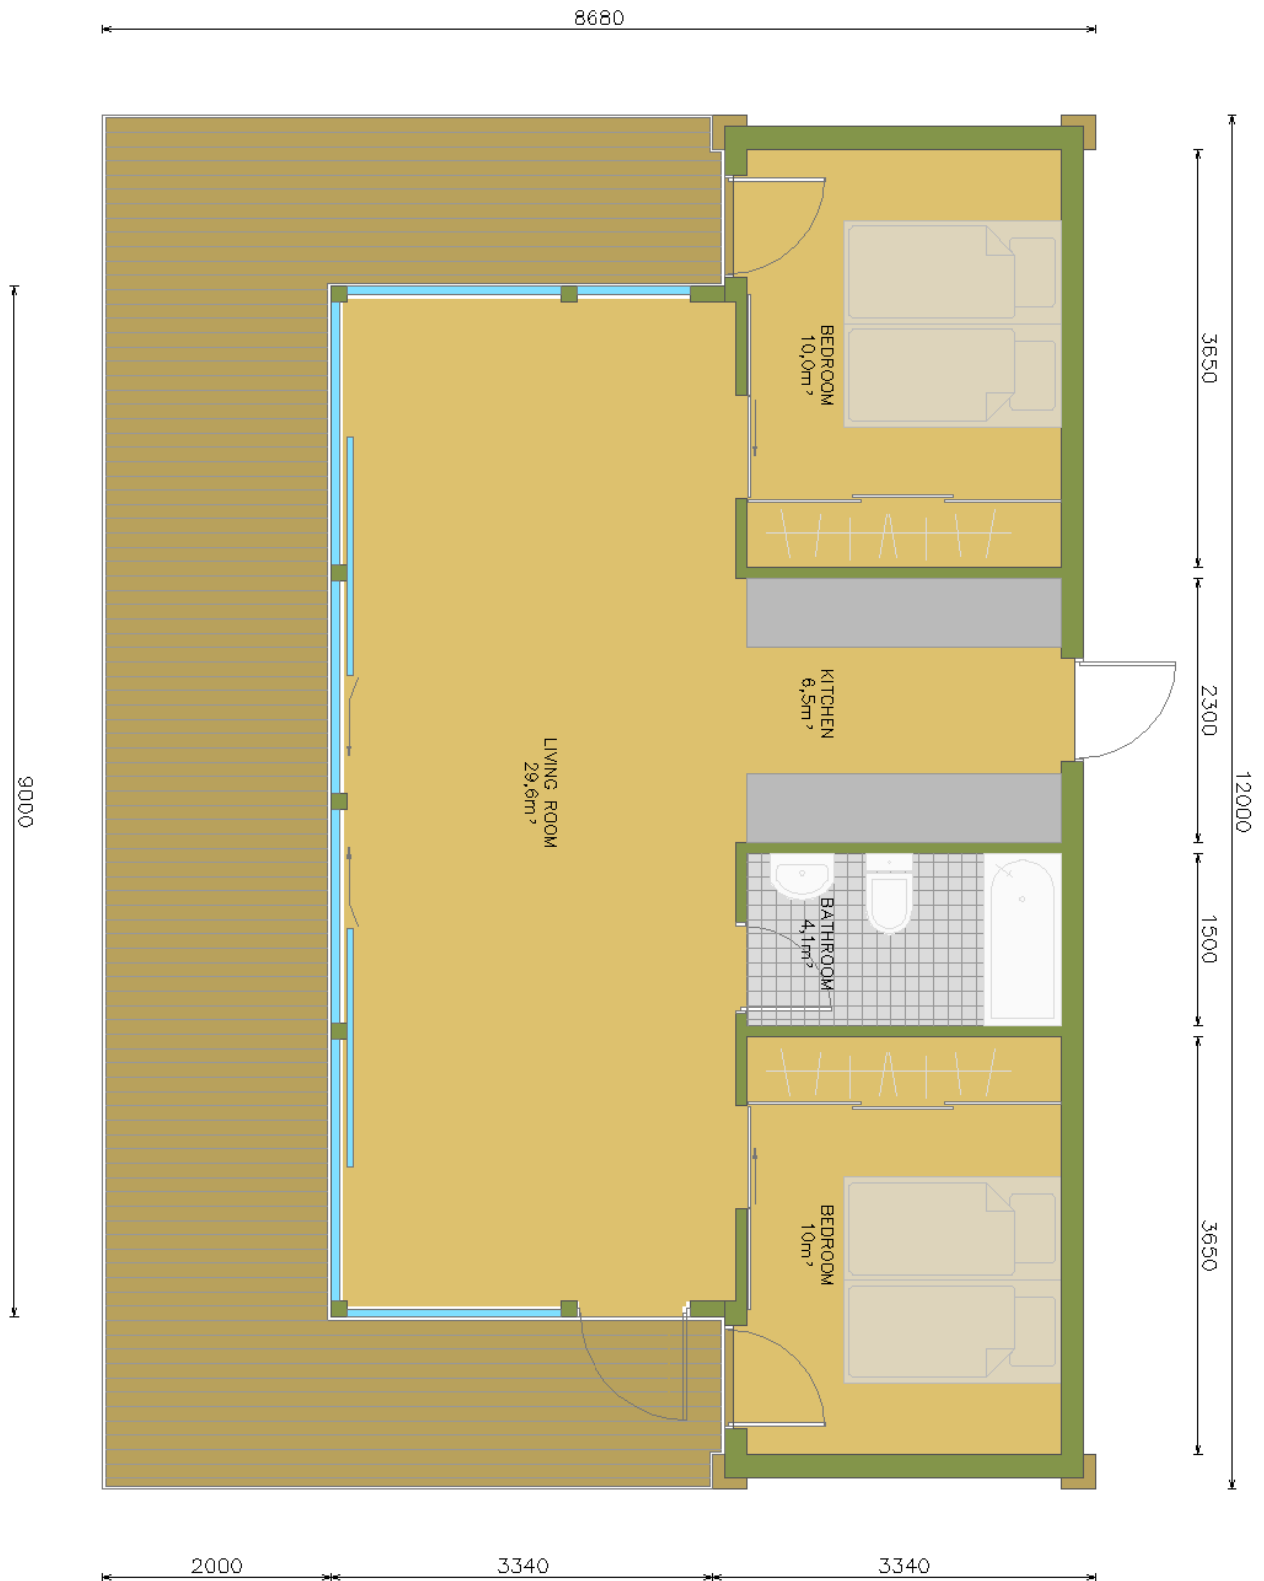

3 rooms, 1 bathroom, 1
kitchen

Living space appr 60 m²
